UI/UX Designer & Developer: A Seamless Synergy

Hybrid Developer-Designer with 3+ years of frontend web development experience and a recent UI/ UX design course under my belt. Skilled in both designing aesthetically pleasing and functionally effective interfaces. Passionate about bridging the gap between user needs and technical feasibility. Seeking a role where I can leverage my combined skillset to create seamless and impactful digital products.

Technical Skills

HTML, CSS3, JavaScript, Bootstrap, tailwind css, PHP, PL/SQL, SQL, ReactJS, Node.js, next.js, Bulma, figma, Illustrator, Product design, webflow, Project Management, People Management

Work Experience

Orbit Technologys | Karnataka, Hubballi

Web developer | 05/2021 - Present

- Applied **technical expertise** in React.js and Node.js to develop a custom candidate screening tool, reducing manual effort by 30%.
- **Applied technical expertise** in HTML, CSS, JS, React.js, Next.js, Node.js, SQL, and MySQL for web application development.
- Collaborated with design teams using Figma to create engaging infographics for recruitment campaigns, resulting in a 25% increase in candidate engagement.
- Demonstrated effective communication skills in liaising with internal teams, stakeholders, and candidates.
- Applied strong project management skills to oversee tasks, ensuring timely project delivery and seamless integration of technical and design components in product development.

Whirlpool Corporation | MH, Pune
